

# GARDEN CITY LACROSSE

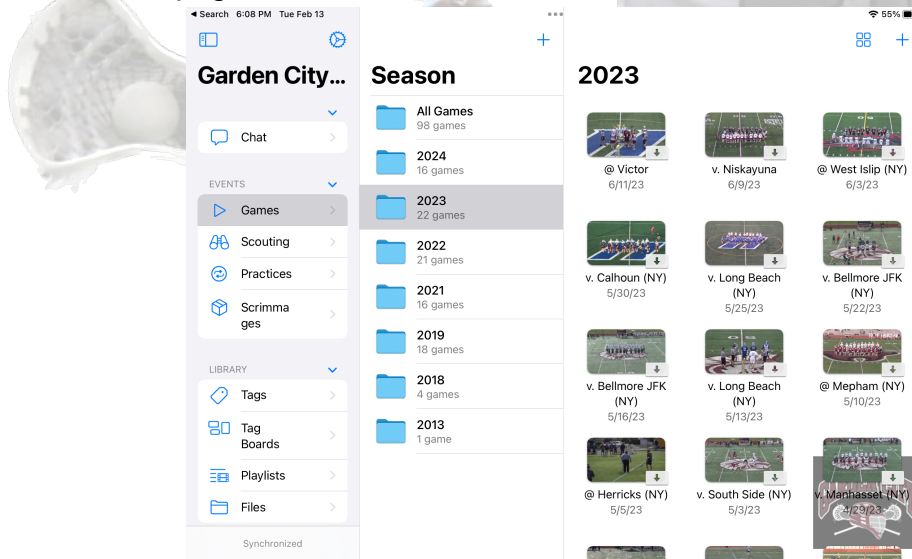

## ScoreBreak: Get Your Players to Live Where the Film Is

Joe Jacovina • Tim Holman

### A. Welcome

- a. Importance of Film
- b. Players have changed
  - i. Phones in their hands all the time
  - ii. How can we meet them where they are?
- c. ScoreBreak allows us to meet them on those Phones and I pads
  - i. Allows us to create small, quickly consumable film clips that can be looked at in between classes, at lunch, etc without needing to access a computer.
- d. Can be as complex or simplistic as you want it to be.

### B. Homepage

---

---

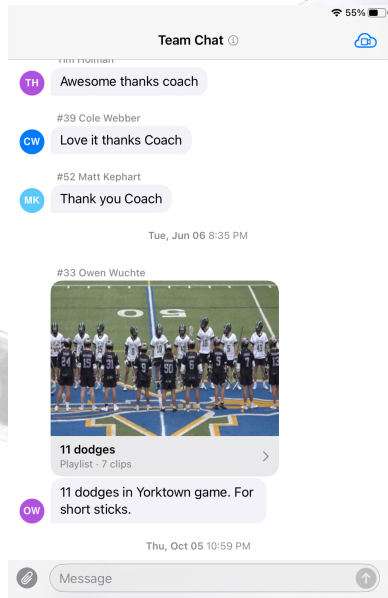

---

---

### C. Roster

- a. Add players to ScoreBreak using their Phone Number and Email address
- b. No password required. The player will receive a code when logging in on phone or email.
- c. Players can enable Notifications so they know when information is shared on the App.

### D. Chat

- a. Similar format to iMessage
- b. Can be done with the entire team, a small group, or individual
- c. Allows sharing of clips, playlists, tags, etc. We will further explain some of these features as we progress.

---

---

---

---

---

### E. Remote Sessions

- a. Like "Facetime" or Zoom
- b. You can get an individual player or group on a video call to discuss clips from practice or a game.
- c. No lagging at all
- d. Players will see the video in full screen.

## K. Recordable Sessions

---

---

---

---

---

## L. Files

- a. Place where you can store plays, scout sheets, recordable sessions, etc.

## M. New Features

- a. Computer Vision? AI Breakdowns

- i. Basic data will be done by AI
- ii. Will be able to create shot charts and Dodge charts
- iii. Possibly this year, but more likely next year.

- b. Recruiting Network through ScoreBreak

- i. Over 80% of Division One teams use ScoreBreak
- ii. College teams can get “downward access” to High School teams
- iii. Will allow college coaches access to game film for recruiting purposes.
